

Bag for baby scale BW-0365

Practical bag for BW-0365

For our baby scale BW-0365, this bag is available for easy portability for example when doing home visits. The bag is equipped with a carrying handle as well as an adjustable shoulder strap. Opens up with a zipper along three sides for easy access to the scale. In the lid there is a large compartment for storage. The bag is padded for protection of the scale during transport.
